

# Honey Statistics

## Production and value of honey <sup>1</sup> Prince Edward Island

| Estimates  | 2016  | 2017  | 2018  | 2019  | 2020  | 2021  | 2022  | 2023  | 2024  |
|--|-------|-------|-------|-------|-------|-------|-------|-------|-------|
| Beekeepers <sup>2</sup>  | 40    | 46    | 50    | 50    | 30    | 30    | 30    | 30    | 30    |
| Colonies <sup>2</sup>  | 4,920 | 6,300 | 4,453 | 3,591 | 4,250 | 3,436 | 4,472 | 3,421 | 3,683 |
| Production of natural honey (pounds), total <sup>3</sup> (x 1,000) | 162   | 231   | 168   | 181   | 159   | 192   | 213   | 85    | 93    |
| Value of natural honey (dollars), total <sup>4</sup> (x 1,000)     | 445   | 666   | 393   | 423   | 332   | 462   | 533   | 277   | 303   |

**Data Source:** Statistics Canada. Table 32-10-0353-01 Production and value of honey

### Footnotes:

- <sup>1</sup> Figures are compiled by Statistics Canada from provincial data, except for New Brunswick and Prince Edward Island where data are collected through a Statistics Canada mail survey.
- <sup>2</sup> Beekeeper and colony numbers may include pollinators that may not extract honey.
- <sup>3</sup> Production excludes inventory.
- <sup>4</sup> Value excludes inventory sales except for in Quebec.
