PROVINCE OF PRINCE EDWARD ISLAND

INTRODUCTION

The 2017-2018 Estimates represent the financial plan of the Province for the Fiscal Year commencing April 1, 2017, and are presented by the Government in support of its request to the Legislative Assembly for authority to spend public monies. This request is formalized through the tabling of the *Appropriation Act (Current Expenditures)* 2017.

Estimates for departments are reported on a gross expenditure basis. Corresponding revenues are deposited in the Operating Fund. Crown corporations that rely on Government for most of their funding are reported on a net expenditure basis within their respective ministries. Crown corporations that operate as Government Business Enterprises and other Consolidated Agencies report on a net surplus or deficit basis. (Refer to Page 12)

The Estimates and Minister's Budget Address, along with subsequent reporting of financial results in the Public Accounts, assist the Legislative Assembly in holding Government accountable for the allocation and management of public funds.

The 2016-2017 Estimate and Forecast have been restated for comparative purposes. (Refer to Appendix III)

EXPLANATORY NOTES

GLOSSARY

Amortization

Amortization expense is the periodic allocation of the cost of a Capital Asset over its useful life. The Province uses the straight-line method of amortizing Tangible Capital Assets, which allocates the annual expense in equal amounts over the estimated useful life of the asset.

Capital Revenues

Capital Revenues are recognized in the Current Account in accordance with standards from the Public Sector Accounting Standards Board.

Consolidated Surplus (Deficit) of Crown Corporations

This summary includes Crown corporations whose results have not been incorporated into the line-by-line detail of the Budget Estimates. Several Crown corporations, such as Island Waste Management Corporation and the Prince Edward Island Liquor Control Commission, are Government Business Enterprises which, by definition, do not rely on Government funding to maintain their operations. In accordance with accounting standards, only their net consolidated surplus or deficit is reported in the Province's financial statements.

The remaining Crown corporations and reporting entities receive substantial support from Government. The funding requirement for these reporting entities is included in a departmental appropriation.

Current Account

The Current Account represents the largest part of Government expenditures and includes the day-to-day operational costs. More specifically, it includes salaries, supplies and operating grants for various programs and organizations in Government.

Deficit

A deficit occurs when expenditures exceed revenues for a Fiscal Year.

PRIMARY EXPENDITURE ACCOUNTS

The primary expenditure types set out in the Chart of Accounts and used in this document are listed below. The examples of expenditures included in each primary type are not intended to be all inclusive, but do represent the main items.

- (a) Administration rent, telephone, office supplies, postage, property tax and insurance.
- (b) Debt debt service costs, bank charges and fees related to debt instruments.
- (c) *Equipment* office equipment, computer equipment and field equipment that do not meet the definition of a Tangible Capital Asset.

APPENDIX V

EXPLANATORY NOTES

- (d) *Materials, Supplies and Services* field supplies, fuel, utilities, drugs, food, repairs and maintenance, and other program related expenses.
- (e) Professional Services consultants, legal services, doctors, dental and nurses fees and RCMP contract.
- (f) Salaries remuneration and benefit costs for permanent and casual employees, as well as salaries and indemnities paid to MLAs and Ministers.
- (g) Travel and Training travel allowances, air travel, accommodation, vehicle operating costs, inservice training and other training assistance for employees.
- (h) Grants transfer payments to individuals, companies and organizations.

REVENUE SOURCES

The Chart of Accounts includes six primary revenue sources. One source is Federal and the other five are Provincial, as follows:

- (a) Federal includes conditional and non-conditional transfer payments from the Federal Government such as Equalization, Canada Health Transfer, Canada Social Transfer, Infrastructure Programs and various other Federal agreements.
- (b) Taxes revenue generated under provincial tax legislation.
- (c) Licenses and Permits revenues from licenses and permits issued under various Provincial Acts and Regulations, the most significant revenue item being motor vehicle licenses and permits.
- (d) Fees and Services revenue received from fees charged for various services provided by Government.
- (e) *Investments/Sinking Fund* interest revenue resulting from loans to Crown corporations, community-based organizations and the sinking fund.
- (f) Other revenue received from other sources.
