

Making changes to preserve our environment

Important investments will be made on our pathway to net-zero which will sustain both our environmental and our economic future.

NEW/ENHANCED INVESTMENTS

Electric School Buses

\$15.4M for a new total of \$31.5M

A significant increase is provided to purchase electric school buses. The Federal Government will provide 50% funding for over the next two years.

Electric Vehicle Charging Stations

\$120K for a new total of \$870K

The province will continue its roll-out of charging stations across PEI to create a network for electric vehicles.

Active Transportation

\$5.0M

Active transportation lanes will be added across Provincial roads and pathways to encourage alternative transportation and healthier lifestyles.

Investments on our pathway to net-zero.

Continuing Investments

Biomass Heat

\$1.8M

Finalize the installation of biomass heat at approximately 20 government-owned facilities that will continue to reduce our carbon footprint.

Modernizing Government IT Infrastructure

\$35.7M

Further investments to modernize government's network communications, deliver more digital services, and to improve government's IT infrastructure.
