DFPEI 2009-07
DAIRY FARMERS OF PRINCE EDWARD ISLAND

BOARD ORDER: DFPEI 2009-07
EFFECTIVE: 1 January 2010

Under the Dairy Farmers of Prince Edward Island Regulations and under the *Natural Products Marketing Act*, R.S.P.E.I. 1988, Cap. N-3, Dairy Farmers of Prince Edward Island makes the following Order:

MARKETING ORDER

Application	1. This Order applies to the control and regulation of the production and marketing of milk in the province of Prince Edward Island.
Definitions	<p>2. The words herein shall have the meanings as found in the <i>Natural Products Marketing Act</i> and the Dairy Farmers of Prince Edward Island Regulations and in this Order:</p> <p>(a) "dairy year" shall mean a twelve month period from August 1st in one year to July 31st in the next succeeding year.</p> <p>(b) "Department" shall mean the Prince Edward Island Department of Agriculture.</p> <p>(c) "quota" means a producer's share of the market for milk products as determined by the Board and assigned to a producer by the Board.</p>
Daily quota	3. Quota assigned by the Board to a registered quota holder shall be expressed in kilograms of butterfat per day rounded to one decimal place.
Minimum Quota Holding	4. A producer must hold a minimum of 10 Kg of daily quota to market milk. Producers who hold less than 10 Kg of daily quota as of 31 December 2009 may continue to market milk based on their quota holdings as of that date or if they increase their quota holdings after that date, but may not market milk if they sell or transfer any portion of their quota. Exceptions may be considered by the Board only if a producer intends to market all milk from his farm through on farm processing.
Monthly quota	5. The amount of quota available to a registered quota holder that markets milk in a calendar month shall be the sum of the daily quota held by the registered quota holder on each day of the month rounded to the nearest kilogram of butterfat.
Quota credit system	6. Recognizing that milk producers efforts to fill their daily quota shall result in production either slightly above or slightly below their monthly quota, the Board shall allow milk producers to over ship up to a maximum of ten (10) times their daily quota on a cumulative basis, referred to as Over Quota Production Credits, or to under ship up to a maximum of twenty (20) times their daily quota on a cumulative basis, referred to as Under Quota Production Credits.
Maximum over quota production credits	(1) The maximum number of over quota production credits available to a milk producer shall be determined by the Board by multiplying a milk producer's daily quota holdings at the end of a month by ten.

Maximum under quota production credits	(2) The maximum number of under quota production credits available to a milk producer shall be determined by the Board by multiplying a milk producer's daily quota holdings at the end of a month by twenty.
Idem	(3) A milk producer shipping slightly under quota in a month shall be allowed to offset all or part of the under production against Over Quota Production Credits carried forward from the previous month, or to carry forward the Under Quota Production Credits to future months to offset future over quota production provided that the cumulative under production of the producer does not exceed twenty (20) times the producer's daily quota.
Idem	(4) A milk producer shipping slightly over quota shall be allowed to offset all or part of the over quota production against Under Quota Production Credits carried forward from the previous month or to use available Over Quota Production Credits provided that the cumulative over quota of the producer does not exceed ten (10) times the producer's daily quota.
Responsibility for accumulated over quota production credits	(5) A milk producer shall be financially responsible to the Board for the value of all accumulated over quota production credits at the time the producer exits the industry.
