P5 1(c)/4(c)

Program

4. Class 1(c) is established to provide price discounts for milk components used in new fluid milk products. Class 4(c) is established to provide price discounts for components used in new industrial milk products.

Any new products introduced to the market shall be designated to a regular milk class and, if approved, shall be eligible for class 1(c) or 4(c) pricing for a maximum of three years. The discounts granted for approved products shall be based on the P5 target prices for the regular dairy product class to which the product has been designated, and shall be applied to the volume of components utilized in manufacturing the approved product.

Discounts to be applied to the butterfat, protein and other solids utilized in products approved for class 1(c) and 4(c) pricing are as follows:

- (a) 25% for the first year following the product's introduction;
- (b) 15% for the second year following the product's introduction; and
- (c) 10% for the third year following the product's introduction.
