AND WHEREAS in consultation with the Lieutenant Governor in Council, I believe it is reasonably necessary to impose special measures in Prince Edward Island (“the Province”) in order to protect the health of the population;

AND WHEREAS pursuant to subsection 39(1) of the Act, I, as the Chief Public Health Officer, may require a person to take or refrain from taking any action that is specified in this Order in respect of a communicable disease;

AND WHEREAS I, as the Chief Public Health Officer, pursuant to subsection 39(2) of the Act, believe on reasonable and probable grounds that:

- (a) a communicable disease, COVID-19, including any new variants of the virus causing COVID-19, exists or may exist in the Province;
- (b) the communicable disease presents a risk to the health of persons in the Province; and
- (c) the requirements specified in this Order are necessary to prevent, decrease or eliminate the risk to health presented by the communicable disease;

AND WHEREAS pursuant to clauses 49(2)(c.1), (d) and (e) of the Act, I, as the Chief Public Health Officer, may order persons to refrain from entering or attending a public place or premises; to refrain from assembling in a public gathering in a specified area; limit the number of persons who will be permitted to attend a public gathering; limit the purpose for a public gathering or to refrain from travelling to or from any area of the province or on any road, street or highway;

AND WHEREAS pursuant to clause 49(2)(g) of the Act, I, as the Chief Public Health Officer, may order any other measure that is reasonably believed to be necessary for the protection of the health of the population during the public health emergency and pursuant to subsection 49(3) of the Act, I may require

a person or class of persons who I reasonably believe is not protected against a communicable disease to take preventative measures;

AND WHEREAS the reasons for this Order are the global COVID-19 pandemic, the health risks posed by the pandemic, including health risks posed by new variants of the virus causing COVID-19, and the necessity to prevent, decrease or eliminate those health risks;

AND WHEREAS testing and isolating individuals who test positive for COVID-19, and any variants of concern, will prevent transmission of the virus and the associated illness and death and protect Prince Edward Island's health care system;

AND WHEREAS, at the time of making this Order, recommendations from the National Advisory Committee on Immunization inform that approximately two weeks after receiving a primary series and particularly after having received a booster dose six months following the primary series, currently authorized vaccines in Canada have been shown to be efficacious in the short term against confirmed symptomatic COVID-19 disease, efficacious against severe COVID-19 outcomes such as hospitalization or death, and may reduce infection and transmission of the COVID-19 virus;

AND WHEREAS substantial progress has been made in vaccinating the population of PEI 5 years of age and older, a portion of the public is unvaccinated which may lead to an increase in cases, hospitalizations, and intensive care admissions, primarily in unvaccinated people;

AND WHEREAS some events and activities are known to increase the risk of COVID-19 disease transmission and outbreaks;

AND WHEREAS I recognize the effect which the measures I am putting in place to protect the health of the public have on persons in PEI and, with this in mind, have engaged and will continue to engage in a process of reconsideration of these measures, based upon the information and evidence available to me, including infection rates, sources of transmission, the presence of clusters and outbreaks, the number of people in hospital and in intensive care, deaths, the emergence of and risks posed by virus variants of concern, vaccine availability, immunization rates, the vulnerability of particular populations, and reports from the rest of Canada and other jurisdictions, with a view to balancing the interests of the people affected by this Order, including constitutionally protected interests, against the risk of harm to the public health created by the gathering of persons, including unvaccinated persons;

AND WHEREAS further relaxation of public health measures may occur in consideration of health risk associated with current COVID-19 variants and after ensuring a greater proportion of the population of PEI is fully vaccinated, booster doses are provided for high-risk individuals and uptake is increased for Health Canada's November 2021-approved pediatric vaccine;

AND WHEREAS pursuant to subsection 56(1) of the Act, I, as the Chief Public Health Officer, may require any person to provide information that the Chief Public Health Officer reasonably considers necessary to:

- (a) assess the threat that a disease presents to public health and plan for and address the threat; or
- (b) evaluate and monitor the health and safety of the general public;

AND WHEREAS pursuant to section 60 of the Act, a public health official may request assistance from a peace officer in conducting an inspection, investigation, inquiry, search or in enforcing an order made under the Act;

AND WHEREAS pursuant to subsection 61(4) of the Act, no person shall knowingly provide false or misleading information, either orally or in writing, to a public health official;

NOW THEREFORE, pursuant to my authority under subsections 39(1), 49(2), 49(3), and 56(1) of the Act, I hereby order as follows:

EXPLANATORY NOTES

SECTION 1 amends clause 2(a) of the Prince Edward Island *Lands Protection Act* Land Identification Regulations (EC606/95) by deleting the words "who is not a resident person", making the land identification program apply to the acquisition of land by all persons and corporations, for consistency with subsection 5(2) of the Act.

SECTION 2 amends subsection 5(2) of the regulations to delete a reference to a part of the registration process that is no longer followed. The Registrar is not privy to the land identification information and is not able to note it on the deed. Instead, the purchaser is required to disclose the existence of the land identification condition imposed by the Lieutenant Governor in Council under clause 5(1)(b) of the regulations to any future purchaser for so long as the condition remains in effect.

SECTION 3 revokes section 9 of the regulations. On the coming into force of the regulations, this section continued existing land identification agreements made under the *Planning Act*, but those agreements have now expired pursuant to subsection 8(1) of the regulations.

SECTION 4 amends subsection 10(2) to correct miss-spellings of "Commission" and "Minister".

SECTION 5 amends the form of agreement in Schedule 1 to the regulations to reflect the correct registration procedure and to substitute gender-neutral wording.

SECTION 6 provides for the commencement of these regulations.
