EXPLANATORY NOTES

SECTION 1 amends subsection 1(1) of the regulations to provide additional definitions that are used in the regulations.

SECTION 2 amends section 4 of the regulations to correct two errors in cross-references.

SECTION 3 amends section 5 of the regulations to correct two errors in cross-references and to add two new subsections 5(7) and (8) that establish that only a person with a site assessor’s license is permitted to perform a site suitability assessment, unless the person is a professional engineer or an environment officer.

SECTION 4 amends subsections 6(1) and (2) of the regulations to correct errors in cross-references.

SECTION 5 revokes section 7 of the regulations and substitutes a new section 7 that simplifies the requirements for the installation of a sewage disposal system. Rather than requiring that a permit be applied for, the new section 7 provides that only a professional engineer, licensed septic contractor or licensed septic installer can install a sewage disposal system, and requires the installer to complete and submit a site suitability assessment for the property and to register a sewage disposal system registration form with the Department. The new section 7 continues to prohibit installation or modification of sewage disposal systems except in accordance with the requirements of the regulations and the Standards. The Minister may prohibit installation or modification when weather or ground conditions are not suitable. Notice of installation or modification must be provided to the Minister, and the Minister may order a system uncovered for inspection if notice was not provided prior to the system being covered.

SECTION 6 revokes section 8 of the regulations and substitutes new subsections 8(1) and (2). The content of the former section 8 is now part of section 7. Instead, section 8 specifies the information to be provided for the registration of a sewage disposal system.

SECTION 7 revokes section 9 of the regulations and substitutes a new section 9 that establishes the fees payable for the various services authorized in the regulations.

SECTION 8 amends the regulations to add a new section 15.1 that provides rules for the decommissioning of abandoned septic systems. The section clarifies that it is the responsibility of the owner of the property to ensure that decommissioning is performed by a licensed septic contractor, and that it is the responsibility of the contractor to notify the Minister that the work has been done.

SECTIONS 9 AND 10 amend sections 16 and 18 of the regulations, respectively, to remove references to permits that are no longer required.

SECTION 11 amends section 1 of the Schedule to the regulations to update references to specified CSA Standards and to correct a typographical error.

SECTION 12 provides for the commencement of the regulations.
