Background colours symbolize electoral districts in the 1:50,000 maps and communities in the 1:12,500 maps.
Private roads are only labelled in the 1:12,500 maps.

FROM THE MINISTER

As Prince Edward Island's Minister of Transportation and Infrastructure Renewal, I am pleased to present this fully updated Provincial Road Atlas.

This document is a very useful tool for government, businesses, visitors and residents alike.

It gives a comprehensive overview of all Island roads, each road type and other valuable information. Staff in my department worked very hard to provide this atlas to Islanders and I am very proud of the document they have produced.

It is my hope that you will find the following pages informative and beneficial. Safe driving.

Robert Vessey
Hon. Robert Vessey

This road atlas was created using GIS (Geographic Information System) data sources from various provincial government departments and features the PEINRN (Prince Edward Island National Road Network) edition 13.0 as the road centreline.

Designed by: Capital Projects, GIS-T Section.
