

# **Province of Prince Edward Island 2025**

## **Standard Negotiated Rates**

- A    Trucking Rates**
- B    Standard Prices - Unbid Jobs**
- C    Machinery Rental Rates**

**April 28, 2025**

**Department of Transportation and Infrastructure**

## **Fuel Index Adjustment**

### **RATE CONSIDERATIONS**

#### **- Haul Rates and Machinery Rental Rates Only**

A fuel index has been established with diesel fuel benchmarked at \$1.00 (this is based on the average monthly price of Diesel fuel from April 2005 - March 2006 as published by MJ Ervin & Associates for Charlottetown.)

On a month to month basis fuel will be monitored for increases/ decreases from the bench mark fuel price of \$1.00. Adjustments will be made based on 8% incremental changes in fuel prices as follows:

<b>% Diesel fuel increase / decrease Price change +/-</b>	<b>Equipment rental rate increases.</b>
<b>0.0 -8.00</b>	<b>0%</b>
<b>8.01 - 16.0</b>	<b>2.0%</b>
<b>16.01 -24.0</b>	<b>4.0%</b>
<b>24.01 - 32.0</b>	<b>6.0%</b>
<b>32.1 - 40.0</b>	<b>8.0%</b>
<b>40.1 - 48.0</b>	<b>10.0%</b>

Fuel index increase will be based on increases for retail diesel prices as posted at the first of each month by The Island Regulatory and Appeals Commission. HST will not be included as a component of the monthly increase/decrease.

	<b>Where deep excavation requires additional sloping in order to comply with Occupational Health and Safety Regulations, any additional excavation shall be paid at the rates for Earth (Common) Excavation, listed above. Please see notes "A" and "B"</b>		
601	<b>Tack Coat Application</b>		
	Under 1,000 m2	\$0.95	m2
	Over 1,000 m2	\$0.59	m2
701	<b>Pulverize in Place</b>	\$5.40	m2
704	<b>Cold Plane, Stockpile and Replace</b>	\$6.94	m2
705	<b>Cold Plane and Patch</b>		
	to include : Cold Planing, Sweeping, Tacking, Truck Haul , Hot mix asphalt, Compaction and Signage	\$34.97	m2
	Payment for this will be based on m2 to a depth of 50 mm. Where 50mm depth exceeded - bid price to be adjusted using formula		
	$\frac{(50\text{mm} + \text{additional depth in mm})}{50\text{mm}} \times \text{unit bid price}$		
710	<b>Cutting Pavement (10 cm)</b>	\$13.51	m
711	<b>Excavate and Patch</b>		
	To include: Cut and Excavate Existing Pavement, Compaction of Subgrade, Supply and Placement of Tack and Hot mix Asphalt, Compaction of Asphalt, Signage and all Trucking associated with this work.	\$40.74	m2
802	<b>Water for Dust Control</b>	\$9.52	kl
803	<b>Hydro Seeding</b>		
	1.0 Hectare or more	\$9,371.12	ha
	Less than 1.0 Hectare (10,000 m2)	\$0.94	m2
806	<b>Silt Fence (Supply and Install)</b>	\$10.22	m

Section	Item	Rate	Per Unit
808	<b>Sediment Traps</b>		
	Rock	\$547.98	each
	Straw	\$239.97	each
901	<b>Signallers</b>		
	Signallers	\$32.96	hr
902	<b>Removing Guardrail</b>		
	Up to 100 metres	\$19.58	m
	Over 100 metres	\$16.80	m
903	<b>Erecting Guardrail</b>		
	Up to 100 metres	\$40.22	m
	Over 100 metres	\$36.54	m
904	<b>Pavement Edge Delineators</b>	\$13.99	each
905	<b>Temporary Marking</b>	\$4.56	m
1307	<b>Moving Scales</b>	\$5,883.36	move
	Miscellaneous Loading Only	\$1.66	t
	Miscellaneous Loading Only	\$2.98	m3
	When Consultants are required by the Specifications for granular testing		
	Add the appropriate rate.	\$1.23	t

**Note "A"**

If the Department requests a relocation of underground culvert then the cost will be borne by the Department, but otherwise (for example, if the Contractor is doing normal contract/negotiated work) this to remain totally the responsibility of the Contractor. The Contractor shall contract utility companies to have underground cables located and plan their work according to the information provided from the utility companies

**No additional compensation shall be provided for this.**

**Note "B"**

Earth Excavation for Roadway Culverts	@	\$16.22	m3
Volume=Depth x Width x Length, where Width = Culvert Diameter + 0.6 metre			

Earth Excavation for Driveway Culverts	@	\$16.22	m3
Volume = Depth x Width x Length, where Depth = Depth to the bottom of the culvert minus one(1) metre, and width = Culvert Diameter + 0.6 metre			

**PEI Department of Transportation & Infrastructure**  
**Highway Maintenance Division**  
**Borrow Material Breakdown**  
**(Haul Extra)**  
**Effective: April 28, 2025**

Borrow Material Type	Royalty cost/ tonne	Royalty cost / metre <sup>3</sup>
Common Borrow	\$0.57	\$0.87
Select Borrow	\$1.31	\$2.10

Borrow material is required to meet gradation as identified in ‘Section 206 Borrow from Pit’ of the Department’s General Provisions and Contract Specifications & Highway Construction document

**Borrow Material Breakdown**

	cost/tonnes 0-100 t	cost/tonnes 101-200 t	cost/tonnes over 200 tonnes
Dig / Load	\$1.92	\$1.92	\$1.66
Spread / Crush	\$3.53	\$2.83	\$1.66
Grader	\$3.53	\$2.83	\$1.66
Royalty (Select Borrow)	\$1.31	\$1.31	\$1.31
Total	\$10.29	\$8.89	\$6.30

	cost/metres 0-63m <sup>3</sup>	cost/metres 64-126m <sup>3</sup>	cost/metres over 126m <sup>3</sup>
Dig / Load	\$3.06	\$3.06	\$2.65
Spread / Crush	\$5.63	\$4.50	\$2.65
Grader	\$5.63	\$4.50	\$2.65
Royalty (Select Borrow)	\$2.10	\$2.10	\$2.10
Total	\$16.42	\$14.17	\$10.06

Note:

Ripping .....	\$1.82 /m <sup>3</sup>	\$1.06 /t
Topsoil .....	\$18.06 /m <sup>3</sup>	\$10.51 /t

The fuel index will be applied to all material breakdown items except the royalty costs.

Definition:

**Dig/Load**                      Loader loads trucks either from a stockpile or by digging material from the embankment of pit if not stockpiled. Loader to be large enough so as not to cause delays in loading trucks.

**Spread/Crush**                      Dozer spreads and levels material as dumped from truck and travel back and forth over material breaking stone to desired size and compacting aggregate.

Grader is to level aggregate and fine grade to provide a finish surface as per the Department’s General Provisions and Contract Specifications for Highway Construction Machinery Rental Rates.

# **MACHINERY RENTAL RATES**

## Section C - Machinery Rental rates

---

### INTRODUCTION

---

These rates were agreed upon with a committee of the Prince Edward Island Road Builders and Heavy Construction Association and a committee from the Prince Edward Island Department of Transportation and Infrastructure

Rental rates in the schedule, unless otherwise stated, including depreciation, interest, \*liability insurance, repairs, maintenance supplies, fuels, lubricants, overhead, profit and operator's wages.

All rates are hourly operated rates unless specified as "non-operated"

Equipment rental rates listed in this document are to be adjusted for the equipment model year based on the schedule below. Attachments are deemed to be one of the same model year as the basic unit.

Equipment less than 10 years old: 100.0%

Equipment from 10 - 20 years old: 97.3%

Equipment older than 20 years old: 90.0%\* Equipment must have adequate insurance to save the Province of Prince Edward Island from all claims arising from the use of the equipment.

Contractors must complete a Government Certificate of Insurance and provide all pertinent information to the Department prior to being hired.

See Section C-A: **Machinery Rental Requirements**

Allowances for owner modifications which increase capacities or horsepower will not be considered, and only the manufacturer's specifications will apply for categorization into the rate structure.

For machines hired with more than one attachment, payment will only include the attachment used for the purpose intended.

Rental rates in this book are the maximum rates permitted. Rates lower than the hourly rate may be negotiated by the Department of Transportation, Infrastructure and Energy. **Standby rates, if and when applicable, will be 50% of the regular operated rate.**

All rates are subject rate adjustments when the Department's Inclement Weather policy for rentals is in effect or the work week is shortened due to a holidays and will be prorated accordingly.

The fuel index, as established in FY 2006-07, will continue with diesel fuel benchmarked at \$1.00. The fuel index will be based on 8.0 % incremental changes in fuel prices as posted at the first of each month by **The Island Regulatory and Appeals Commission**. HST tax will not be included as a component of the monthly increase/decrease.

The fuel index will be applied to 100% of the rate structure.

When a piece of **equipment** is called out to work, the Contractor will be paid for actual hours worked with a minimum of three (3) hours guaranteed at the hourly rental rate as identified in the standard rates publication.

The Department will pay a minimum of two hours for all transportation charges from and to the Contractor's shipping and receiving points provided, however, unless otherwise agreed, the Department shall not pay transportation charges greater than those necessary to return the equipment to the point from which it was originally shipped to the Department. There shall be no compensation for the equipment during transportation.

The Department will be the sole authority on determining the size and type of the unit required to carry out its work. Should the Contractor choose to provide an alternate piece of equipment to perform the work (ie excavator for a backhoe or a tandem truck for a single axle) or a larger unit than is required (ie a 90 hp for a 75 hp backhoe), the rate paid, will be at lower rate.

The Construction Equipment Association maintains a website [www.coneq.com](http://www.coneq.com) which has an extensive model reference section; more than previously provided by the Department. The model references at this website are supplied by the equipment manufactures.

### **Rates for Field Staff**

Contracted Laborer	\$35.37	hr
Contracted Site Foreman with Truck	\$58.96	hr
Operator	\$46.35	hr

## DEFINITIONS

---

---

### Maximum Engine Horsepower of Kilowatts:

base engine at sea level, which is equipped only with accessories to its operation, for short durations of 5 minutes at extra R.P.M.

### Gross or Rated Horsepower of Kilowatts:

is the power output of a bare engine which is equipped only with the built-in accessories essential to its operation such as a flywheel, fuel pump, and so forth.

### Flywheel or net engine Horsepower or Kilowatts:

is the power output of a fully equipped engine which is equipped with all the accessories necessary to perform its intended function unaided, such as an air cleaner, fan, exhaust system, radiator, generator, starter and related parts.

### Drawbar Horsepower:

is the observed horsepower at the drawbar of the vehicle. This horsepower reading is not available on torque converter or automatic transmission type machines because of the variable R.P.M. produced under load by the torque converter.

Maximum Engine Power	x	.60	=	Flywheel Power
Gross or Rated Power	x	.90	=	Flywheel Power
Flywheel Power or Engine Power	x	.80	=	Drawbar Power

#### AIR EQUIPMENT

Hourly Non-Operated Rate			
Air Compressors - Portable	100%	97.3%	90%
125 CFM	\$14.27	\$13.89	\$12.84
150 CFM	\$19.10	\$18.59	\$17.21
175-185 CFM	\$23.40	\$22.77	\$21.08
250 CFM	\$27.68	\$26.93	\$24.91
325-375 CFM	\$39.09	\$38.03	\$35.18
600 CFM	\$64.90	\$63.15	\$58.43
750 CFM	\$73.15	\$71.17	\$65.83
900 CFM	\$81.36	\$79.17	\$73.21

Hourly Rate			
Attachments	100%	97.3%	90%
Chipping Hammer, Tampers, Paving Breakers, Drills, Jackhammers, Impact Wrenches, Clay Diggers and Rock Drills	\$3.90	\$3.79	\$3.51
Moil Points, Chisel, Spades, Dirt, Tampers, Frost Wedges, Asphalt Cutter, Rock Drill Steel	\$1.98	\$1.93	\$1.77

Hourly Rate			
Crawler Drills	100%	97.3%	90%
3 1/4 - 4" Bore	\$71.22	\$69.29	\$64.09
4 1/4 - 5" Bore	\$78.53	\$76.41	\$70.68
5 1/4 - 6" Bore	\$91.92	\$89.44	\$82.73
Air Compressor - up to 150 CFM c/w hammer, hose, steel & bits	\$85.68	\$83.36	\$77.11

#### ASPHALT PAVERS

Hourly Rate			
Crawler	100%	97.3%	90%
Medium	\$148.25	\$144.24	\$133.42
Large	\$211.25	\$205.55	\$190.12

Add 10% for units equipped with electronic control.

Hourly Rate			
Rubber Tire Type	100%	97.3%	90%
Small	\$115.58	\$112.46	\$104.02
Medium	\$140.83	\$137.02	\$126.74
Large	\$222.34	\$216.34	\$200.11

Add 10% for units equipped with electric screen control.

#### ASPHALT MILLING MACHINES & COLD PLANERS

Hourly Rate			
	100%	97.3%	90%
Small - Self Propelled Planer	\$335.57	\$326.51	\$293.86
Large - Self Propelled Planer	\$1,006.71	\$979.53	\$881.58

includes: operator, ground man and teeth. Rental hours include time to replace teeth while on site.

## BACKHOES

### Hourly Operated Rate

<b>Rubber Tired Backhoe Loader</b>	100%	97.3%	90%
< 50 hp	\$83.80	\$81.54	\$73.38
50-65 hp	\$94.68	\$92.13	\$82.91
66-79 hp	\$108.21	\$105.29	\$94.76
80-99 hp	\$121.79	\$118.50	\$106.65
> 100 hp	\$148.86	\$144.84	\$130.35

Hourly rental rates for hydraulic hammer and tamper attachments will equal 10% of the applicable hourly equipment rental rate

## BOATS

### Hourly Non-Operated Rate

<b>Boats</b>	100%	97.3%	90%
12 - 15'	\$5.13	\$4.99	\$4.61
16 - 18'	\$6.56	\$6.38	\$5.90
19 - 21'	\$7.94	\$7.72	\$7.14
22 - 24'	\$9.09	\$8.85	\$8.18
25 - 27'	\$9.89	\$9.62	\$8.90

### Hourly Non-Operated Rate

<b>Outboard Motors</b>	100%	97.3%	90%
To 10 h.p.	\$6.51	\$6.33	\$5.85
11 - 15 h.p.	\$7.94	\$7.72	\$7.14
16 - 25 h.p.	\$8.68	\$8.45	\$7.81
26 - 40 h.p.	\$9.35	\$9.10	\$8.42
41 - 50 h.p.	\$17.43	\$16.96	\$15.69

## CHAINSAWS

Chainsaw - daily rental (non contineous use)	\$24.58
--	---------

Chainsaw - hourly rental (contineous to a maximum of 4 hours/day)	\$5.66
---	--------

## COMPACTION EQUIPMENT

### Daily Non-Operated Rate

<b>Rammer</b>	100%	97.3%	90%
80 - 119 lbs	\$94.39	\$91.84	\$84.95
